

PRODUCT SPECIFICATION

Garden HOSE

Soaker Hose

- Perfect for watering garden beds, lawns and nature strips
- Can be used as either a sprinkler, which provides rain-like coverage, or a soaker for deeper watering
- Includes a snap-on connector and adaptor to connect easily to any standard tap
- Hard wearing UV treated construction

Weeper Hose

- Full length, slow and steady flow watering
- Ideal for gardens, flowerbeds, closely planted areas
- Consistent watering along the entire length
- Made from 65% recycled tyres
- Quality brass hose connections
- For outdoor use with cold water only

Coil Hose

- Turret nozzle includes 6 patterns for individual watering needs
- Coil hose quickly deploys for all outdoor watering uses
- Returns to original shape for convenient storage
- Available in 2 lengths 7.5m and 15.2m
- Cold water use only
