

## HBCCHPN HANDLE-TECH SAFETY GRIP

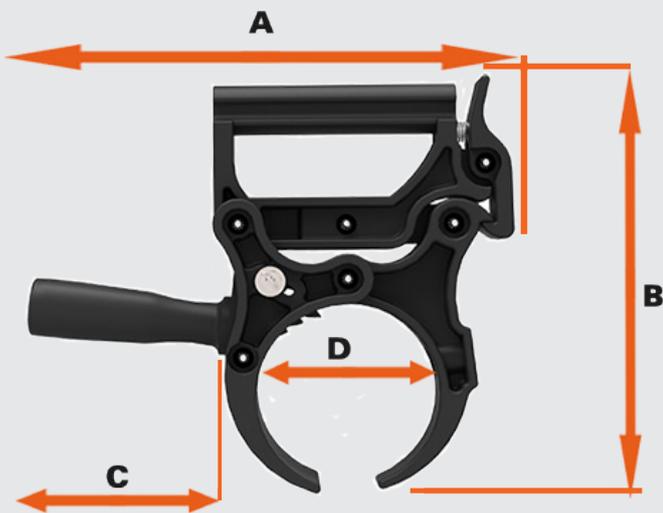

**Applications:** Ground breaking tool for today's waste management, agricultural, oil and gas industries to handle the most hostile environments. Easy mechanism enables operator to clamp onto hose or pipe easily allowing for grip, torque, and release through a natural fluid movement.

Interchangeable handle between sizes and from left to right hand side of body.

**Materials:** Nylon 66 with Long Glass Fibre

**Temperature:** -40°C to +65°C

**Weight Restrictions:** 180 kgs maximum, designed as a hand tool

Size mm	B mm	C mm	D mm	Width mm	Weight kg
80	195	125	76-95	85	1.32
100	200	125	102-120	85	1.40
125			127-146		
150	225	125	150-171	85	1.70
