## JACK OF ALL SPRAYS

Residential or commercial? 2.1 bar or 2.8 bar? High efficiency or high performance? There's a Pro-Spray for that. Now expanded to three hard-working options, the Pro-Spray line offers everything you need for total customization for any challenging site. Need precision edges? Go for the Pro-Spray Fixed Arc nozzles. Demanding angles and curves? Choose the Pro Adjustable nozzles. Conservation-minded client? The MP Rotator is your answer. All models boast heavy-duty ABS construction, including an extra-thick body and cap, and exclusive body ribs for easier installation, service, and stability in loose soils. The sprinkler also features a user-friendly "pull-ring" flush cap to keep debris to a minimum and a multi-function wiper seal that eliminates flow-by.

# PRO-SPRAY®

Ready for commercial or residential projects, the Pro-Spray is a rugged and reliable sprinkler for versatile applications. The contractor's choice for years, it was designed with the professional in mind.

## Features and Benefits
